# Kaylea Cosmetics

Kaylea Cosmetics, LLC was founded in December of 2010 in honor of KayLeanna's 18th birthday. The company is co-owned by mother, Kat Flynt and daughter, KayLeanna. We are based in Gwinnett County and serve women all over the Atlanta area and northeast Georgia. We personally deliver all orders to your Atlanta area or northeast Georgia home.

The original idea for this line stemmed from the need for a customized cosmetic line for Kat's makeup academy. It was KayLeanna's idea to expand the line to include the 5-well, 3-well, and single eye shadows for each woman's own personal makeup bag as well. While all of the products we carry are created for professional use they are also great for everyday wear. We also offer professional size makeup cases as well as the smaller sized TCo7 perfect for your personal makeup case.

We hope you will visit our website, get to know us a little better, and then give us a call and let us get to know you too.

We look forward to serving you.

Hugs,

Kat & Kaylea

## About Us

### KayLeanna (see [www.KayLeanna.com](http://www.KayLeanna.com) for portfolio)

Kay has been assisting her mom, makeup artist Kat Flynt since age 15 on many makeup assignments and during this time found her passion for the art of hair styling and making up faces.

She had started out as a model in the children's division of Atlanta Models & Talent. Then in middle school she became involved in drama club. Once she outgrew children's division at AMT but was too short to move into their fashion division - she made the transfer over to Houghton Talent as an actress. KayLeanna continued her involvement in Drama Club throughout middle school and then again in high school. During her Sophomore year she became the Key Makeup Artist for Dacula High School's Drama Department which she continued through her Junior year.

Now in her Senior year she is in the Cosmetology program at Maxwell Technical High School and will continue at Gwinnett Technical College next year. In the Fall of her senior year, at only 17 years old, she landed her first paying gig styling hair and doing the makeup applications for Parsley & Sage's 48 page Spring 2011 Catalogue.

### Kat Flynt (see [www.KatFlynt.com](http://www.KatFlynt.com) for portfolio)

Atlanta based freelance makeup artist, Kat Flynt is best known for her clean makeup applications that enhance the natural beauty. With a clientele that spans the eastern United States from Atlanta to New York, her body of work – which includes commercials, video productions, print advertising, catalogues, and fashion editorials – exemplifies her ability to enhance the natural beauty of the face as well as creating flawless, modern looks specifically for each project or special occasion.

Kat first got her start applying makeup for an Atlanta area studio's glamour shoots in 1993. From there she began receiving requests to do bridal makeup and entire wedding parties. In 2002, after nine years of successfully proving her natural talent and self taught skills, she chose to continue her education and become a licensed Esthetician (Skin Care Specialist). Kat continued to pursue her education over the next few years during which time she also served on the freelance teams for Chanel, MAC and Bobbi Brown.

In 2006, Kat began teaching makeup classes; and in 2010 went back to school for her Instructor's License. Visit [www.FlyntMakeupAcademy.com](http://www.FlyntMakeupAcademy.com) to learn more about the classes.
